

Bronze Duke of Edinburgh Award deadlines

Dates	Activities
Christmas holi day 21/12/2018	Logged onto eDofE, chose what you are going to do and submitted activities (make sure they are not still draft) Started at least two sections
Easter Holiday 12/4/2019	One 3 month section completed with evidence uploaded and an assessors report. All sections started with evidence being uploaded regularly.
	Attended all training and route planning sessions All sections started and regular evidence being uploaded
Start of June 1/6/2019	Both expeditions completed All three sections completed with evidence and assessors' reports uploaded.

- We want you to get to June with the expedition and all sections completed to receive your award before the summer holidays. By sticking to these deadlines you will finish your expedition and achieve a DofE Bronze award.
- We are able to check your progress online to see that you are keeping up with your section commitments. Failure to meet these deadlines may mean that we don't think your commitment to the award will enable you to take part in the expedition and you will be deferred to complete it next year.
