Dear Year 7 Pupil,

1st July 2020

I would like to start this letter of by saying, don't be nervous. You honestly don't have anything to worry about, and if you do you know you can always talk to your head of year, form tutor or any close friend. I should know as I am currently coming to the end of my year 7 adventure as it is now time for me to join year 8 and for you to begin high school.

Speaking of adventure, there are many clubs you can attend. I had recently been going to Textiles club with my friends but unfortunately had to stop since the pandemic occurred. You can join lots of sports and creative clubs and this really helps you to make some great new friends that share the same hobby with you.

It's not only after school clubs you can make friends and have fun but also during school time when you're on your lunch break. You could be brave and go up to someone who is maybe in your form or band, I remember this is what I did and now I have some lovely new friends who are very kind to me.

I assume you have many questions to ask and I will hopefully be answering some of them for you now. No, you do not get bombarded with tons of homeworks; if you are unsure about any, feel free to ask your form tutor. Also, I understand that you may be worried about getting lost but if you do then don't hesitate to ask any teacher nearby and they will try their best to help you. If you are late for your lesson then your teacher will understand and you will not be told off. An advantage of being in high school is that you have lots of different teachers who are experts on specific subjects. Another thing is, you have to carry your own bag around school with you all day everyday as you need to provide yourselves with all the correct resources.

I hope this letter has been informative for you and are feeling much more confident. I can see you writing a letter to the next year 7's and reassuring them.

Best Wishes, Caitlin
