SCHOOL PROSPECTUS

THE BEWDLEY SCHOOL

We fly with our own wings

WELCOME WHO WE ARE

"Our students are happy, confident and kind, with a genuine love of learning and optimism for the future."

Dave Hadley-Pryce, Head Teacher

The Bewdley School has its roots in Bewdley High School, built in 1956 on our beautiful 22 acre site on the banks of the Severn. As the town's only secondary school we have close working partnerships with our community, striving to be at its heart.

Values of equality, success through effort, and respect shine through our daily schooling. Our students are courteous and well-disciplined, understanding that anything they learn can be improved on with hard work.

Our broad curriculum has been structured to stretch and challenge our students. Analytical skills and knowledge balance with creativity and craft. All are offered progressive opportunities for genuine choice, allowing personalisation for each child.

The school is supported by The Bewdley School Foundation, a charitable company partnering Bewdley Festival and Bewdley Civic Society, and other active members of our community. This will develop our estate for the benefit of both school and town.

RELATIONSHIPS BETWEEN
STAFF AND STUDENTS ARE
A CLEAR STRENGTH OF OUR
SCHOOL, FORMING THE
FOUNDATIONS FOR ALL
THAT WE DO.

Students have a clear personal support infrastructure, through tutors to the wider pastoral team. Expectations are clear, based on respect for others and for the school, with poor behaviour being rare.

Our six new classes each year are divided across our three houses, Baldwin, Ribbesford and Severn. Our House System is core to our students' sense of belonging in the school, providing an intimate connection with our historic town.

We have developed a holistic approach to personal development, with all key elements of personal education embedded across the curriculum. This ensures students have clear and well-structured guidance as they grow and mature.

Our students are kind and respectful, being tolerant of difference in an atmosphere where all can learn and flourish. Social development beyond school is supported by our Youth Centre, in partnership with The William Mills Foundation.

HOW WE WORK

WE HAVE STRONG
RELATIONSHIPS WITH
LOCAL PRIMARY
SCHOOLS, ENSURING
THAT THE MOVE TO
SECONDARY SCHOOL IS
WELL SUPPORTED AND
SMOOTH.

'This welcoming and inclusive
school is wholeheartedly
focused on its pupils'

JOINING US

"Our pastoral team ensure that
all of our students can thrive and
prosper in a kind and nurturing
environment allowing them to
achieve their full potential."

This is a potentially difficult time for parents,
carers and students, who are often used to
dealing with a single teacher. Our pastoral team
and specialist tutor team are our hub for
communications, ensuring parents have a
single point of contact.

Our support for this transition begins at our
open events. Our social media gives regular
updates, with our website offering deeper
insights into school life. Parents and carers are
most welcome to make an appointment to visit
and seek advice.

The induction process begins once places are
allocated. Our induction days and information
evening are a great opportunity to get to know
us and gather essential information about our
school.

Once your child has started and is studying a
variety of subjects, you may contact their
pastoral support team with any concerns.
Consultation evenings and regular reports offer
more detailed updates, with agreed strategies
to support learning.

LEARNING AT BEWDLEY

LEARNING IS PURPOSEFUL
AND PRODUCTIVE, WITH AN
INCREDIBLY DIVERSE RANGE
OF SUBJECTS AND
EXPERIENCES OFFERED.

Our well-balanced curriculum ensures breadth and opportunity is maintained throughout the school. There is equal emphasis on analytical and creative subjects, and the full spectrum in between. We are a 'phone free school', reflecting the emphasis we place on social and cognitive development in a calm and purposeful environment.

Subjects are each uniquely organised, with mixed ability tutor groups forming a base, while some subjects have sets or bands. The curriculum is organised into 30 timetabled lessons of 50 minutes each week. The 50 minute lessons allow some subjects to be delivered as double lessons for practical subjects.

Options are chosen for GCSE in Year 9.

"The governing body is committed to developing a positive learning environment that enables every pupil to thrive and achieve their individual full potential, supporting staff and ensuring facilities meet educational needs."

CHAIR OF THE GOVERNING BODY

SHAPING YOUR FUTURE

FIND THE SPARK

Our curriculum design is based entirely around supporting progression and choice, with wide ranging co-curricular opportunities enabling decision making.

We work hard to ensure that every child has a personalised experience during their time with us. Central to our educational philosophy, is to 'find the spark' in every child, to sustain and enrich them throughout their life.

Our flexible and broad options system ensures choice and diversity, with students who need additional challenge or support accessing targeted intervention. Our school is inclusive, with equality of opportunity underpinning our values.

Individual careers support is key, with wide ranging employer links and community action developing confidence and resilience. This guidance runs through to our Sixth Form through our professional pathways programme.

Students from Bewdley progress along many pathways, through apprenticeships, employment and university studies. Crafted individual planning ensures each student is ready to step with confidence into the wider world.

ENRICHING LEARNING

THE WIDER OPPORTUNITIES A SCHOOL OFFERS IS WHEN THE CURRICULUM TRULY COMES TO LIFE, AND LASTING MEMORIES AND FRIENDSHIPS ARE FORGED.

The importance of our co-curricular offer is reflected in its richness and diversity. Our school day is structured to give a long lunch break, during which our broad enrichment program is offered. From sport, music, the arts, the great outdoors, our diverse range of clubs to our varied international programme, there is something to tempt every child.

Our musicians perform locally alongside professional acts, with art and photography supported by our community. Students excel in team and individual sports, and we are beginning to exploit the potential of our fabulous site.

Outdoor education is deeply embedded, including outdoor residentials and The Duke of Edinburgh's Award bronze, silver and gold expeditions. Our Discovery Society Charity is building on this success, running expeditions to locations such as Dominica, Honduras and Mexico.

Trips to France, Iceland, Italy, Spain and Germany also help to broaden our cultural understanding.

OPPORTUNITIES

"I feel both supported and challenged by my teachers and classmates, the perfect environment for success."

STUDENT VOICE YEAR 12

WE HAVE DESIGNED OUR EDUCATION AS A SEVEN-YEAR EXPERIENCE, WITH BROAD OPPORTUNITIES OFFERED IN OUR SIXTH FORM.

Britain is unusual in assessing young people at sixteen, with eighteen being 'graduation' time for many countries. Our Sixth Form is developing on this basis, to offer as wide a range of subjects and opportunities as possible.

Embedded and successful Alternative Academic Qualifications (AAQ's) have been added to our subject choices, including Applied Science and Computing Application and Development.

The result has been an ongoing expansion of our Sixth Form, facilitated by our refurbished Sixth Form block and Café. One of the key aims of our Foundation is to support the development of new Sixth Form facilities.

Our Sixth Form team has developed a comprehensive support infrastructure, with links to many universities and employers. Students benefit from daily tutor support and bespoke enrichment, which you can read about in our Sixth Form prospectus.
