Amazing Apprenticeships

Year 10 students have had time during PD days and English lessons to work on producing a CV and letter of application in preparation for a Mock interview which will take place on Friday 25th September.

Students will have a 15-minute interview with an external interviewer to help them prepare for interviews they may have later on. Mock interviews simulate real-world hiring scenarios, providing a safe space to practice responses and improve interview technique.

Having a mock interview can build confidence and minimize anxiety. Students will receive constructive feedback on their performance, allowing them to prepare for the actual event.

Further information for all students on preparing for an interview can be found on their Unifrog account here:

World Cup Careers

As the summer approaches, it's a great time for students to explore apprenticeship employers and career options that match their interests. Researching employers, understanding application processes and discovering what makes a workplace a good fit can help with confidence and readiness.
